

About Us

With nearly 40 years of experience in the industry, Warranty Solutions® has been providing quality Vehicle Service Contracts and dealer warranties, auto-related finance and insurance products to automobile dealerships nationwide. As a leading provider, we are proud of our reputation for integrity, fair dealing, and fast, hassle-free claims processing.

We have paid nearly \$1.9 billion in claims to hundreds of thousands of satisfied customers. Our track record has led to an A+ rating and accreditation with the Better Business Bureau. You can find our BBB review by visiting www.bbb.org, clicking “*Check out a business or charity*” and entering Warranty Solutions Administrative Services, Lakewood, CO.

Additionally, our wholly-owned insurance company, Heritage Indemnity Company (Heritage) has earned an A (Excellent) rating by A.M. Best Company. A.M. Best is a highly respected organization that rates the financial strength of insurance companies as well as their ability to pay claims. Heritage’s rating is a clear indication that we will be with you for the long run.

Our success, and the respect of the business community, is very gratifying. We are also proud of the success of EcoMind®, a relatively new addition to our portfolio of product options.

EcoMind adds a layer of coverage for our customers and provides mechanical breakdown coverage for emissions-related parts which help reduce harmful emissions and keep our skies cleaner. We donate a portion of the proceeds from the EcoMind product option purchase to the Arbor Day Foundation to fund the planting of trees. To date, Warranty Solutions’ donations have resulted in the planting of nearly 2 million trees, beautifying and improving the sustainability of our environment. We are pleased that through EcoMind we can give back in a meaningful way.
