

# ecomind®

**Promise  
to the Earth**  
Award Recipient  
Arbor Day Foundation

**Protect your purchase.  
Help protect the environment.**

## **For your vehicle**

The EcoMind® product option provides additional mechanical breakdown coverage for the parts that help your vehicle run more efficiently, burn fuel more cleanly, and reduce overall emission output.

## **For the environment**

When you choose to include the EcoMind product option on your Vehicle Service Contract, the Arbor Day Foundation will plant trees in your honor. You'll be doing your part to ensure a greener, cleaner future.

**Nearly 2 million trees**  
have been planted since the  
product option was launched  
in April 2009.

**WARRANTY  
SOLUTIONS®**

EcoMind® coverage could cost less than paying for one moderate failure\* on the following components:

PARTS COVERED BY ECOMIND	AVERAGE REPAIR COST (without EcoMind)
Catalytic Converter	\$2,000
Distributor Cap	\$150
Exhaust Pipes	\$300
Fuel Cap	\$25
High-Voltage Vehicle Drive Battery	\$4500
Ignition Coil Boot & Connectors	\$200
Muffler	\$350
PCV Valve	\$45
Smog Pump	\$200
Spark Plug Wires	\$150
Vapor Emissions Canisters	\$400

=

### Measuring your carbon footprint

One vehicle driving

750 miles per month (9,000/year) getting 21 miles to the gallon requires 24.75 trees to offset its monthly carbon emissions.\*\*

The Arbor Day Foundation is a nonprofit conservation organization of nearly one million members with a mission to inspire people to plant, nurture, and celebrate trees. More information on the Foundation and its programs can be found at [arborday.org](http://arborday.org).

\* Estimated repair costs are for demonstration purposes only and are anticipated prices after three years based on industry averages.

\*\* Information courtesy of [carbonify.com](http://carbonify.com). To calculate other carbon footprint usage, visit [www.carbonify.com/carbon-calculator.htm](http://www.carbonify.com/carbon-calculator.htm).
